

So Easy a Cave Man Could Do It

Do you remember the ads that featured the Cave man? They would always tell us that it was so easy even a cave man could do it. Then remember the show “Are You Smarter Than a Fifth Grader?” Those kinds of things can often drive us nuts. What seems so simple to some confound other people, like how to program your VCR. You might have to call your fifth grader to help you understand how to work your phone or computer. Anyone identify with that? Me, too!

One reason many people shy away from new technology is the fear that it is too difficult. We implemented online giving to be an easy process for you. We have worked hard to make it as easy as possible for you to sign up. Simply log on to our website and look for the giving button. By clicking on that button you will be directed to our giving page that has detailed easy to understand instructions on how you can sign up for online giving. It was so easy even I figured out how to do it!

(If you can actually show the above on a screen it will make this offering talk all the more effective!)

If you think you might need help we have people who would be more than happy to walk you through the process. You can call our church office and speak to **Insert name and contact information of the person to contact**. They can make sure that you are set up.

Our desire is to provide our members and donors with the easiest way possible to give. Online giving is a simple way to give to our church. Every gift helps us with ministry and missions here in our area and literally around the world. So, don't let the fear of technology keep you from online giving. We will work hard to make it easy for you!

So, as we come to our time of offering, however you choose to give, let's give a gift that honors the Lord remembering that all our gifts matter!
