

The Price of Gasoline

Have you seen the price of gas lately? Wow! There was a Facebook post that showed a gas station listing out the various grades of gasoline you could buy. Instead of listing the price it had listed, Arm, Leg and Both. Get it? Gas is costing us an arm and a leg!

Here is the question. Does the high price of gas keep Americans off the road? Will it impact vacations and travel this summer? Apparently not. I Googled that and found multiple articles talking about this topic. We might grumble at the price at the pump but we still find a way to pay for that vacation that is so important to us.

Here at, YOUR CHURCH NAME, we do important things each and every day. While this summer has been a busy time for us, there is never a day or season that goes by that we are not impacting someone for good. We know that what we are doing is important, not just for today but for eternity. We are making a difference in the lives of so many. That is important.

Every time you give you are standing with us in our mission to reach our community and world. When you give you are saying something important, that you agree with that mission and you want to make a difference with your gift. So, thank you for your generosity.

The bottom line is that we spend our money on what is important to us. As Christians we are called to make disciples. That is what is important to us and it is worth giving to!
