

We Are Better Together!

We take an offering up here at OUR CHURCH every week. You might think that your gift doesn't matter but it does. Let me illustrate how your gift can make a difference by sharing with you some interesting facts about Clydesdale horses I read this week.

One Clydesdale horse can pull 5,000 pounds of weight. But 2 link together, pulling together can pull between 15,000 -20,000 pounds of weight. Incredibly 4 working together can pull up to 50,000! So four horses working together can pull ten times what one can pull. It's called synergy!

So think about this in terms of our offering. One gift might buy supplies for our nursery for one Sunday. One large gift might pay some of our power bill. If we only had one gift from one person we could not do what we do. Yet with all of us giving as God directs us to give we create our own synergy. That synergy enables us to do all the things we do not just here but around the world.

You see **WE ARE BETTER TOGETHER!** Every gifts counts. Every gift matters. Every gift is a missions and ministry multiplier! So, your gift today matters and helps us create the synergy we need to fulfill God's mission He has given us.
