

Who Are You Voting For?

In case you have been asleep for the last few months you know we are in an election year. How many of you are already tired of it? I think that pretty much sums up the feelings of many in America. You and I might be tired of the rhetoric but it is just starting. As each state holds primaries they will be bombarded with commercials all trying to get us to vote for a particular candidate.

Churches are not supposed to endorse candidates. So don't worry this brief talk is not designed to convince you to vote one way or the other. Frankly if I polled everyone here we would probably be supporting a variety of candidates. We are not here because we agree politically. We are here because we follow ultimately not a candidate but a King!

One reason Americans have grown frustrated with our politicians is their inability to fulfill their promises. They then blame everyone else for their lack of delivering. In the end we the people have grown frustrated. Our hope has disappeared often replaced by cynicism or despair.

There is only one person who can bring the hope the world is looking for and that is Jesus. At OUR CHURCH we are committed to sharing that hope with our community and world. Every time you give here you help fuel our missions and ministry initiatives. Every time you give here you vote to support our work. So this morning let's all vote for a winning candidate. Let's cast our vote by giving to support His work through OUR CHURCH that will bring true hope to a world desperately looking for hope!
